

# NATURAL CURIOSITIES SHOW AND TELL

OGE Mini-Museum

Students can share items found in nature by completing the info below and bringing the card and item to school on one of our "Museum Days". **The next drop-off dates are March 15 and 16**, before school, in the garden nook with Mrs. Xides. Examples: seed pod, fossil, shell, rock, pinecone, leaf, exoskeleton, bone, etc.

Please be respectful of nature and follow "Leave No Trace" rules while exploring.

- >> Make sure items are clean and safe for handling
- >> Don't collect bird nests, feathers\*, eggs, or turtle shells
- >> Leave living plants and animals where you find them
- >> Take only one of each item when you are collecting from nature
- >> Don't collect items from state or national parks, or items protected by law

Download more forms and learn more about the Mini-Museum at [ogestem.com](http://ogestem.com)

**"Let nature be your teacher."** - William Wordsworth

*\*The possession of feathers and other parts of native North American birds without a permit is **prohibited** by the Migratory Bird Treaty Act*
